

DJ CORONA

BIOGRAPHY

Meet Johana Dj Corona: one of the most alluring, hottest, and hippest female Dj's to hit the music scene. Originally from Denver, she's now residing in Las Vegas. Dj Corona started testing her talent at weddings and corporate events, but with her passion for music and her drive to make an impact in bigger music markets, she transitioned into the nightlife and club scene. Dj Corona doesn't settle for one genre of music to integrate into her arsenal: from EDM, Top 40's, Hip Hop and everything in between, she is unstoppable. Her unique mix of beauty, brains, and style has made her one of the most well known female Dj's in the Latin and LGBT community. Dj Corona's dedication and hunger for growth has landed her in Denver's biggest clubs and at the largest Pride parties for the last two years. She has entertained crowds numbering over 365,000 people, and she is still at the beginning of her quest for success!

Djing at clubs like Beta Nightclub in Denver (which has been voted #1 dance club by Rolling Stone Magazine 3 years running) and now a resident in major clubs all around the Las Vegas strip, her talent is proven. If that is not enough Corona is teaming up with some of Vegas very own top producers and turntablists to add to her arsenal of skills to keep her well rounded
